

Campus Assessment

Complete Step-by-Step Setup Guide

⚠ BEFORE YOU START

- Quiet room, sitting ALONE
- Working webcam & microphone
- Stable WiFi (5 Mbps minimum)
- Clear desk - only pen, paper, water
- Good lighting on your face
- ID ready for verification

1. SYSTEM REQUIREMENTS

Device:

- Desktop or Laptop with webcam & microphone
- Minimum 1366x768 screen, 8GB RAM
- Modern web browser (Chrome, Edge)

Network:

- Campus WiFi OR Personal hotspot (4G/LTE)
- Minimum: 5 Mbps download / 2 Mbps upload
- Alternative: 500MB+ data plan on hotspot

Environment:

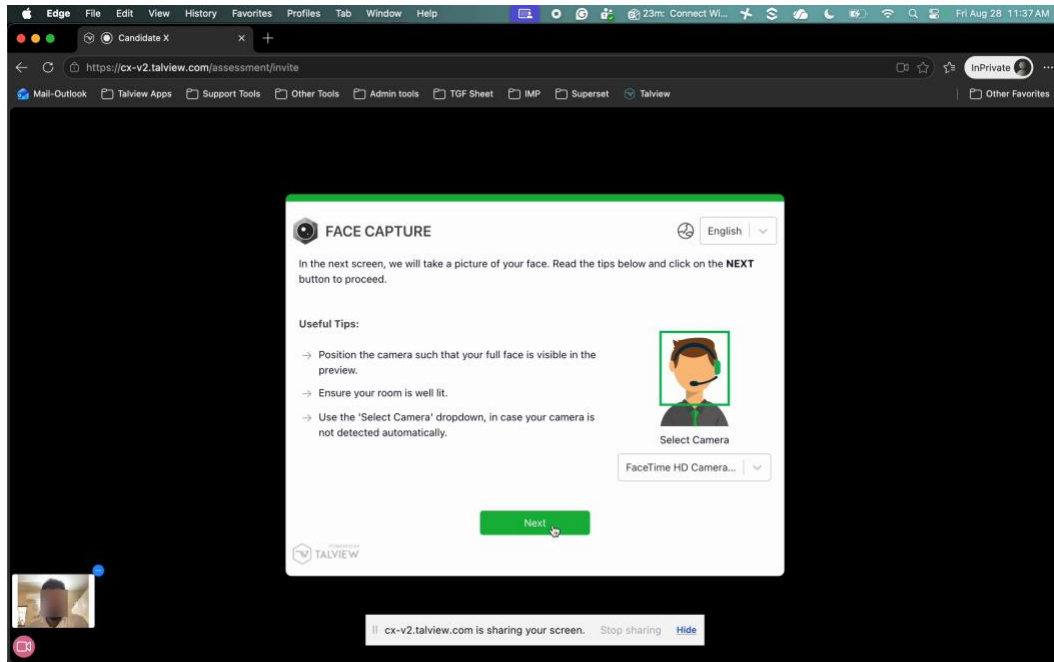

- Private room - NO other people visible (If you are in college Campus Lab its okay if approved by the campus authority)
- Quiet - close doors/windows
- Good lighting in front of you
- Webcam at eye level, 15-20 inches away

2. STEP-BY-STEP ASSESSMENT PROCESS

STEP 1: Face Capture Setup

- Position your camera to show your full face
- Ensure your room is well lit

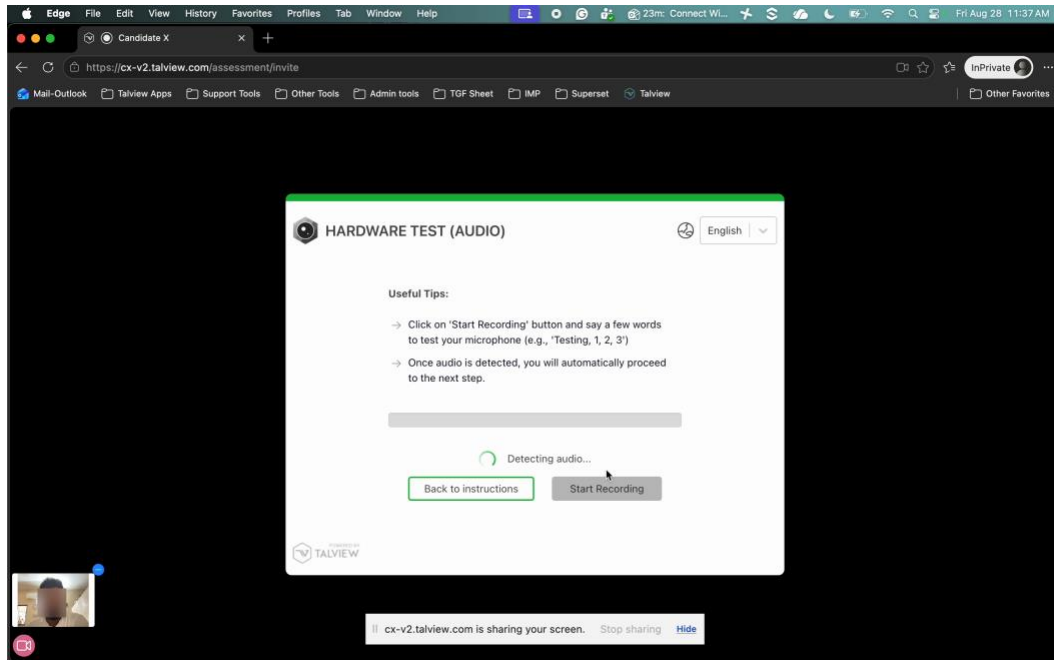

- Select camera from dropdown if multiple devices available
- Click "Next" to proceed

Face Capture - Position your face clearly in camera view

STEP 2: Microphone Audio Test

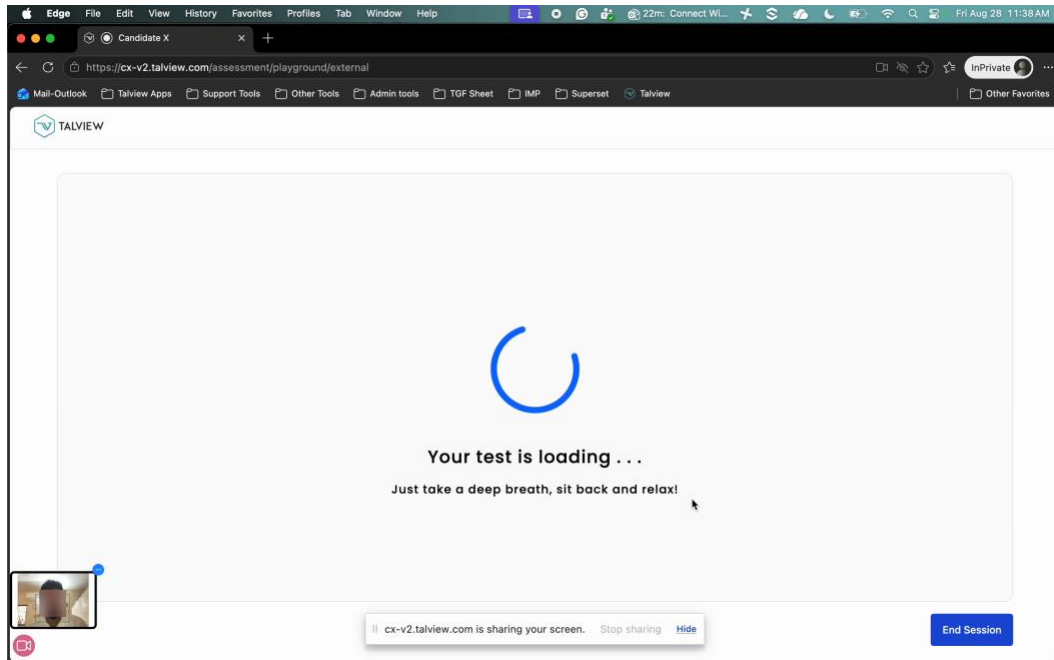

- Click "Start Recording" button
- Speak clearly and say a few words (e.g., "Testing 1, 2, 3")
- Ensure audio is detected by the system
- Once audio confirmed, system proceeds automatically

Microphone Test - Speak clearly for audio detection

STEP 3: Processing & Loading

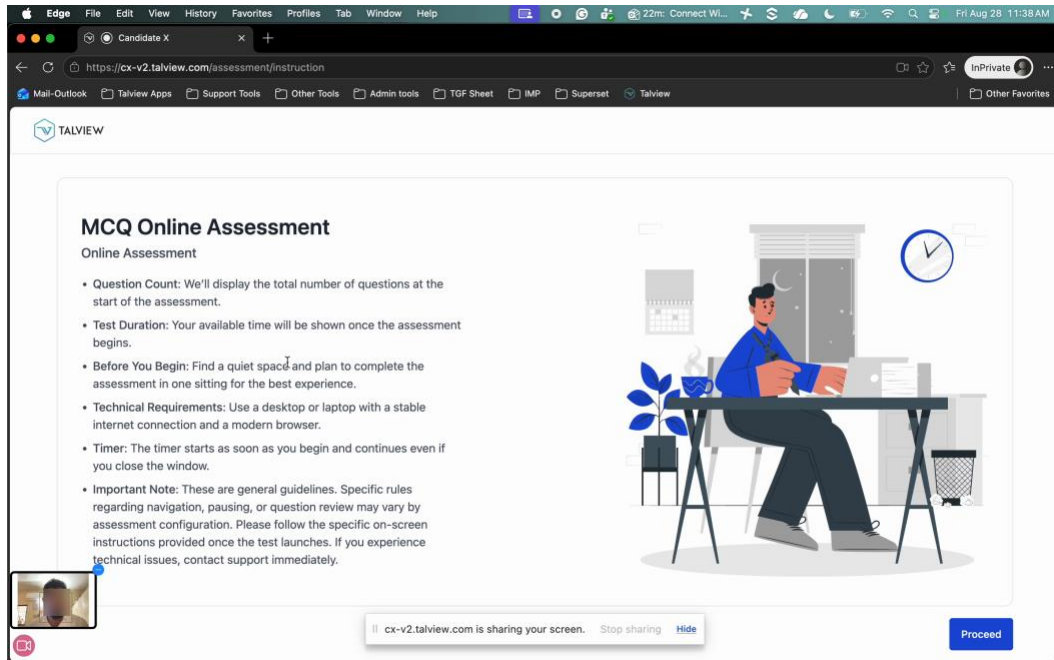

- System verifies your face and audio
- Wait for "Your test is loading" message
- Do NOT close browser or refresh page
- Take a deep breath and relax

System Processing - Assessment is being loaded

STEP 4: Review Assessment Instructions

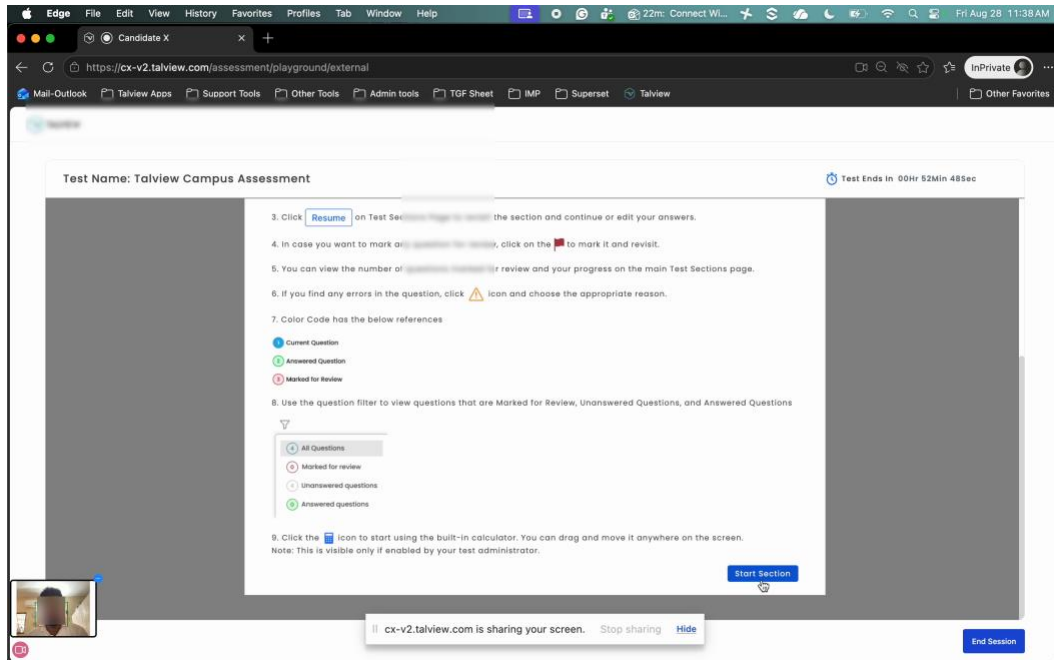

- Read the assessment title and type (e.g., "MCQ Online Assessment")
- Review question count and total duration
- Understand technical requirements for the test
- Note instructions about timer and navigation
- Click "Proceed" when you have reviewed everything

Assessment Instructions Page - Read all details carefully

STEP 5: Understand Test Navigation Features

- View test name: "Talview Campus Assessment"
- Understand color codes: Blue = Current, Green = Answered, Red = Mark Review
- Learn to use Resume button to revisit sections
- Understand question filter options (All, Review, Unanswered, Answered)
- Note calculator icon availability (if enabled by test)
- Click "Start Section" to begin the assessment

Test Navigation Guide - Understand all features before starting

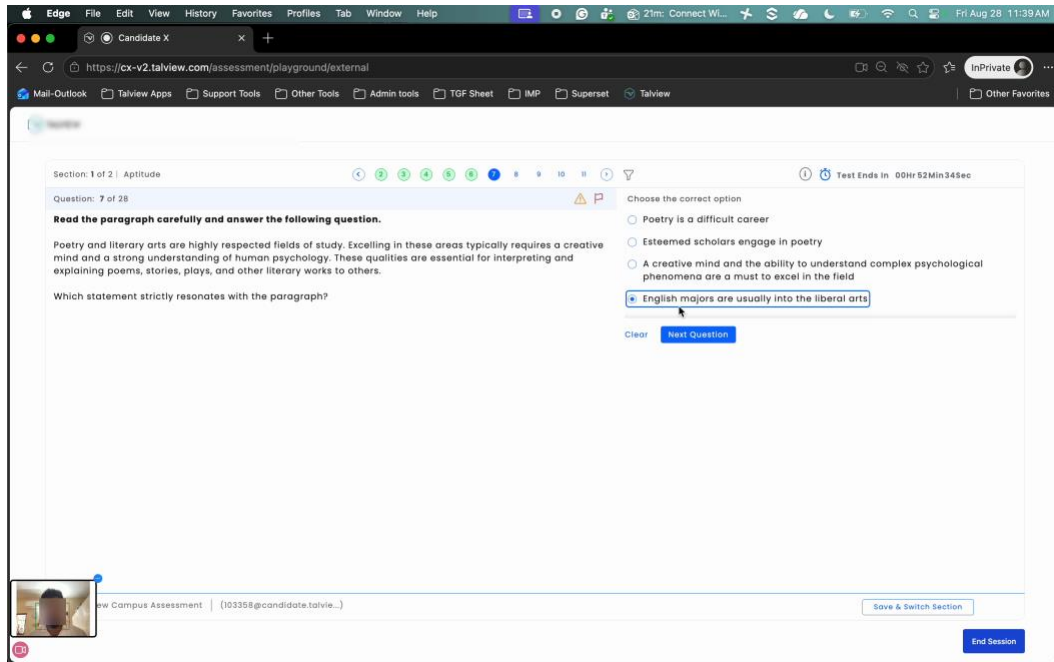

STEP 6: Taking the Assessment

✗ DO NOT:

- Leave room or step out of camera view
- Look at books, notes, or external materials
- Use phone or any other device
- Talk to anyone or get help
- Cover or disable webcam/microphone
- Switch browser tabs excessively

✓ DO:

- Keep face visible on camera at all times
- Read each question carefully
- Manage your time according to question count
- Answer all questions to the best of your ability
- Use "Mark for Review" feature if you want to revisit questions
- Use filters to check if any questions are unanswered

MCQ Assessment In Progress - Follow all proctoring rules

STEP 7: Completing and Submitting

- Review all your answers before submission
- Check progress using color codes and filters
- Verify no questions are left unanswered (use filter to check)
- Review marked questions if time permits
- Click "Save and Switch Section" button when confident with all answers
- WAIT for "Submission Successful" confirmation message
- Click on End Session at the bottom of the screen
- Do NOT close browser until confirmation appears

3. TROUBLESHOOTING

WiFi drops during assessment?

- Do NOT panic - your answers are automatically saved
- Reconnect immediately to same WiFi or hotspot
- Continue assessment from where you stopped

Webcam or Microphone not working?

- Check browser permissions - allow camera/mic access
- Restart your browser completely
- Use external USB webcam/microphone as backup
- Contact IT support BEFORE starting assessment

Face capture fails?

- Ensure good lighting on your face
- Adjust camera position to show your full face
- Try selecting different camera from dropdown

Audio test fails?

- Check microphone is not muted
- Speak clearly and loudly enough
- Use external microphone if internal one fails

4. FINAL CHECKLIST
