# JOB ROLE1– Country Lead

# Role 1 – Country Lead

## *The Opportunity –*

*As the Country Lead, you will manage end-to-end service delivery, team performance, and client satisfaction within a specific country or cluster. Your impact centers on delivering superior service quality and consistent client outcomes across your defined region.*

## **Key Responsibilities** (in brief)–

- **Payroll Operations Excellence:** Oversee end-to-end payroll operations, focusing on accuracy, compliance, and automation to eliminate manual interventions.
- **Strategic Client Management:** Drive client success by managing governance meetings, resolving escalations, and implementing effective retention strategies.
- **Leadership & Team Mentorship:** Lead distributed, global teams with a focus on capacity planning, performance management, and mentorship.
- **Financial & Commercial Ownership:** Manage country/cluster financial health, including margin optimization, budgeting, and identifying revenue growth opportunities.
- **Technology & Innovation:** Leverage payroll technology and HRIS integrations to optimize reporting and ensure data security standards.
- **Performance & Quality Governance:** Drive operational excellence by monitoring SLA/KPI metrics and implementing continuous improvement frameworks.
- **Documentation & Knowledge Management:** Ensure rigorous audit compliance, documentation, and knowledge management to maintain robust system records.

## JOB ROLE 2-

### Implementation Lead

# Role 2 – Implementation Lead

## *The Opportunity –*

*As an Implementation Lead, you will work at the intersection of Payroll, Technology, Consulting, and AI to implement next-gen global payroll solutions. Your impact centers around helping multinational organizations transform their payroll processes, making them faster, smarter, and more accurate. One may work on either **Service or Product Implementation***

## **Key Responsibilities** *(in brief)–*

- **Lead Global Transformation:** Drive end-to-end implementation of Neeyamo Payroll 3.0 across multiple countries for global organizations.
- **Be a Business + Technology Consultant:** Translate complex client business and payroll requirements into scalable technology solutions.
- **Own the Solution:** Guide consultants in designing the right solution across payroll configuration, integrations, reporting, compliance and business processes.
- **Work on Next-Generation Payroll:** Gain hands-on exposure to Payroll 3.0, a modern global payroll technology platform.
- **Lead AI-Enabled Implementation:** Identify opportunities to use Generative AI, automation and data analytics to make implementation faster, smarter and more accurate.
- **Lead High-Performance Teams:** Mentor and develop Implementation Consultants, building expertise in global payroll, technology and consulting.
- **Work with Global Clients:** Engage with international clients, senior stakeholders and cross-functional teams across countries and cultures.
- **Drive Data & Quality:** Lead testing, parallel payroll, variance analysis, risk management and Go-Live readiness to ensure payroll accuracy.
- **Shape the Product:** Partner with Product and Engineering teams to convert implementation learnings and client needs into future Payroll 3.0 capabilities.
- **Build a High-Growth Career:** Develop a career spanning Global Payroll + Technology + Consulting + AI + Leadership, with progression toward Implementation Manager, Solution Architect, Product or Transformation leadership.

# What will make you stand out –

- Being a strong communicator and client facing confidence
- Having a high ownership and accountability mindset
- Highly customer centric and passionate about creating win-win outcomes
- Highly analytical and structured problem-solving approach
- Strong Learning Agility, quickly acquiring and applying new knowledge and skills to evolving situations
- Ability to work across cultures and countries.
- Willingness to work in a global environment

# Compensation, Benefits & Work Modalities -

**CTC: INR 9 LPA**  
**Retainer Stipend – 25K monthly**

***Pune/Nagpur/Madurai***

**5 days work week**  
**100% Work from Office**

**9 hours of shift.**  
***includes 1 hour break time***

**Shift timings will be per business needs**

- *Annual Leaves & Holidays*
- *Medical Health Insurance*
- *Personal Accident Insurance*
- *Subsidized One Meal*
- *Shuttle Service (varies for each location)*
- *Performance Based annual increments as per eligibility*
- *ESOPs for Outstanding performers based on eligibility.*

# Who Can Apply?

- Full Time MBA from 2027 Passing batch.
- Preferred specializations – Finance & Operations
- Consistent academic record of 70% & above in 10th, 12th & Graduation

## Selection Process:

- Aptitude Test
- Group Discussion
- Situational Based Test
- Statement of Purpose
- L1 Interview Round
- L2 Interview Round
